

# BLOCKROCKER AM/FM

PORTABLE SPEAKER SYSTEM  
WITH AM/FM RADIO for iPod

## Tune in and rock out anywhere.

BLOCK ROCKER AM/FM is the perfect all-in-one sound system for iPod, iPhone, microphones and instruments. It even includes a built-in AM/FM radio! Dial up your favorite local radio station or plug your iPhone or iPod into the integrated dock, then crank up your favorite music and rock out for more than 12 hours with BLOCK ROCKER AM/FM's internal, rechargeable battery. The large speaker and built-in amplifier ensure clean, clear audio for the whole party, and with wheels and a telescoping handle, BLOCK ROCKER AM/FM makes it easy to go anywhere and everywhere.

In addition to the integrated dock for iPhone and iPod and the digital AM/FM radio, BLOCK ROCKER AM/FM includes a microphone and cable to connect other portable music players, plus a convenient cable bag for storage. BLOCK ROCKER AM/FM even lets you plug in and amplify a guitar, for a complete portable music system in one easy to transport package!
